

## From the Waupun Mayor -

Hi everyone!

Today marks my 100th day as your Mayor, and I'd like to take this occasion to once again thank you for the privilege of being Waupun's Mayor! I love being mayor, and bragging up Waupun! I think we're the greatest little city around! We have amazing water, live in the seventh safest city in Wisconsin, and have a dedicated crew of wonderful people who work for our city and deliver our city services day in and day out. I'm fortunate to have such a great team in place and Waupun is lucky to have so many great people who are dedicated to Waupun on our team. I would like to give a personal shout out to Kathy Schlieve, Angie Hull, and Jenny Petersen, who make me look good every day! I couldn't do this job without them, and I'm very thankful to have them!

I came into this office and wanted to hit the ground running. First thing I did was to put the city flag back up in our council chambers, and it now flies at most of the city buildings! I've been touring local manufactures, schools, city buildings, and local businesses. I've loved attending ribbon cuttings, retirement parties, farmers markets, FEMA training, and being Waupun's biggest cheerleader.

I'm happy that next year the Main Street railroad crossing is getting fixed, we're switching garbage companies to hopefully improve service, United Co-Op has broken ground, All Phase is building a new building near the truck stop, and the council is dedicated to connecting Shaler Drive, meaning one could drive from the truck stop to McDonald's, all on Shaler Drive!

I'm glad we're cracking down on code enforcement and cleaning up most of the dumpy and blighted areas around the city. In fact, the city will be hiring a part time code enforcement officer just to help keep Waupun a clean and attractive place to live, work and play!

I'm still working on putting the End of the Trail sculpture on the new wayfinding signs, and honestly that's been way more difficult than I ever would have guessed! (More on that at the end of this column)

In other news, Waupun's Post 210 Legion Baseball team is playing in the state tournament, and I want to wish them luck! Waupun has a long record of baseball success, going to state nine out of the 10 last seasons! We're fortunate to have such a great baseball complex, as well as an excellent coaching staff. (Maybe the Cubs should hire Spanbauer!!) In all seriousness, that baseball complex brings several tournaments to Waupun every Summer, and it's excellent for our restaurant and hospitality businesses. Good luck Waupun Post 210!!

Finally, the End of the Trail debate. An unintended consequence as a result of the debate over whether or not we should be using the sculpture on our city signage, is that more of us are discussing the End of the Trail, why it's here, how it got here, and what it symbolizes. Is it a beautiful work of art meant to honor Native Americans, or is it a horrific reminder of the treatment of Indians?

But, in a larger sense, isn't 'that' the meaning of the sculpture? Mr. Shaler purchased and gifted that sculpture because he thought it was a beautiful and emotional piece of work, that would force us to remember our past, and challenge us moving forward. I'd like to think Mr. Shaler would be happy that we're discussing the EOT, because we are remembering why it's here-in Waupun- and what happened to Native Americans.

It's no secret that I love our sculptures, and feel strongly that we should be honoring the End of the Trail statute by having it on our city's welcome/wayfinding signs; not to be removing it as we are. That sculpture tells two stories simultaneously, that of the plight of Native Americans, and that of Clarence Shaler's generosity to Waupun! For those reasons alone, I believe that sculpture should be on our city signage!

Thank you and God Bless,  
Rohn W. Bishop  
Mayor, City of Waupun

Even if you can only help occasionally, it all helps. We need both men and women volunteers. Also, we realize that some of you may be reluctant to serve right now because of COVID, but please fill out this survey with the idea that this virus should be less of a concern in the coming months.
